

We were there at the beginning, and we're still here today

Whatever you need, we can build it—because we've been building the highest quality radiators in the industry for nearly 100 years.

Throughout our history, we've made radiators for vehicles that travel by road, by air, and by water—practically since the very first car rolled off the assembly line.

We sell parts that outlast and outperform the competition!

- Premium, Best-in-Class materials
- Designed by experienced OE systems engineers
- Precision manufacturing in North America
- Unmatched performance and durability
- Easy to install with guaranteed perfect fit
- Free Technical Service support

- Heavy gauge side piece
- Stamped tanks, not fold up
- Heavy FF core
- Welded sides
- Corrosion-resistant tanks

437940, AJAX 7.25-8.5L
Stamped brass tanks

Height	Width	Depth	Rows
20-1/8"	18-3/4"	2-5/8"	3
